OSAA PRIORITIES FOR 2022-23

STANDING PRIORITIES

OPERATIONS – Continue to work with and foster mutually beneficial relationships with member schools and affiliated organizations (OACA, OADA, OAOA, OATS, SMAC, ODE, COSA, OSBA, NFHS, OMEA, DDCA, OCCA, etc.). Prioritize investments in technology and professional education/development within our staff to keep Oregon at the forefront of state / national initiatives.

COMMUNICATIONS – Continue to find effective ways to communicate who we are, what we do and how we do it to our member schools, coaches, students, and lay citizens. As a governing body, it's important to continue to engage conversation around the positive aspects of interscholastic activities. Develop policies and procedures to ensure high school activities are safe and welcoming for all.

FINANCIAL – Continue to monitor postseason events and make modifications when necessary. Ensure the short-term and long-term financial stability of the Association by monitoring day-to-day operations.

FOUNDATION – Continue to positively impact as many lives as possible via the OSAA Foundation through its programming. With the mission of *Enhancing the Future of Oregon High School Activities*, the focus is always upon getting students active, keeping them safe, promoting the great things our schools and students are achieving, and providing worthwhile experiences that will last a lifetime.

2022-23 PRIORITIES

Prioritize the Association's equity work as it relates to the S.T.A.R. initiative and providing a safe and welcoming environment at interscholastic events, along with efforts to educate the membership on Title IX. Promote education and training of school personnel, officials, and spectators regarding these efforts, with an emphasis on involving student voice through the Student Advisory Council. Continue to provide resources to schools to proactively enhance current programming for all students.

Be the leading voice and advocate in Oregon for increasing the number of contest officials. Support officials' associations and member schools in developing recruiting/retention tools to increase the number of officials in the state. Finalize Officials Fee Review Committee with an emphasis on making officiating more attractive to current and potential officials. Promote via our own avenues (OSAAtoday, social media, OSAA Radio/NFHS Network, etc.) and develop opportunities with statewide media and partners to promote the benefits of officiating and the need for more officials to offer participation opportunities for students.

Work to explore and partner with groups looking to expand participation opportunities for student participants through emerging activities. Collaborate with affiliated organizations (OACA, OADA, etc.) to assess new interests statewide.

Implement changes resulting from the Classification and Districting and State Championship Committees. Organize task forces for Reimbursement Review, Championship Thresholds, and Petition to Play Down as recommended by the State Championship Committee. Continue to seek partnerships with state championship facilities that provide memorable experiences for participating students and member schools.

Utilize new staff members and a return to full use of the OSAA office to take a fresh perspective on policies, rules, and events. Welcome member schools and affiliated organizations back to the office through use of the Board and Conference Rooms for meetings, workshops, etc.

Proposal to Amend Article 5. – Executive Board

(Action Item)

QUESTION: *Should the Executive Board propose an amendment to the Delegate Assembly to Article 5. – Executive Board to adjust the restriction of having no more than one individual from the same school district serving on the Executive Board?*

RATIONALE: In the staff’s annual review of the Handbook with our legal counsel, the changes to the composition of the Board were discussed, as well as this restriction. With the move from eleven voting members previously to 15 voting members currently, concerns about a school district having too much sway over decisions has been negated. Additionally, the Board now appoints nine of its 15 members. The Executive Board believes that having additional flexibility to ensure the best possible candidates are representing the membership is important.

Article 5 – Executive Board

5.2. Qualifications.

5.2.1 To serve as a member of the Executive Board, the classification representatives and the activities representative shall be employed at a 0.49 FTE level or greater in a position that has at least some responsibility for secondary education and is at least equal in rank to the position of high school assistant principal at a school district of a full member school, or at a high school which is a full member of the Association. The Oregon School Boards Association representative, the Oregon Athletic Directors Association representative, the Oregon Athletic Coaches Association representative, and the Oregon Athletic Officials Association representative shall each be currently serving in the role being represented on the Executive Board. There shall be no two **elected** individuals from the same school district serving concurrently on the Executive Board.

A duly elected or appointed member of the Executive Board whose position changes during the second of their three-year terms is eligible to complete the term of office if the new position retains some responsibility for secondary education and is at least equal in rank to the position of high school assistant principal and is within the same classification(s) from which originally elected.

5.2.2. If a member of the Executive Board is an elected member of the Executive Committee of the NFHS and their term on the Association Executive Board has expired, the member shall remain on the Executive Board as a non-voting, member-at-large, as long as they remain a member of said National Executive Committee.

5.2.3. To be elected President of the Association by the Delegate Assembly, a person shall be a member of the Executive Board.

Proposal to Amend Article 9.1 – Budget Committee

(Action Item)

QUESTION: Should the Executive Board propose an amendment to the Delegate Assembly to Article 9.1. – Budget Committee that would modify the terms and composition of the Budget Committee?

RATIONALE: In a review of OSAA policies, the terms and composition of the Budget Committee was unlike other groups. These changes align the term and composition of the Budget Committee with other major committees of the Association.

Proposal to Amend Article 9.10. – Equity and Diversity Advisory Committee

(Action Item)

Tabled to December 2022 Executive Board Meeting

QUESTION: Should the Executive Board propose an amendment to the Delegate Assembly to Article 9.10. – Equity and Diversity Advisory Committee to combine three current standing committees into one joint committee?

RATIONALE: The purpose of combining the three committees (Diversity and Equity Advisory, Inclusion, and Sportsmanship Committees) is to ensure consistent communication and efficiency are in place with OSAA committees. The Equity and Diversity Advisory Committee has been discussing sportsmanship practices, sanctioning, incentives and trends throughout the past three years, which is why the Sportsmanship Committee has not had a need to meet. The collaboration is occurring, just in another committee at this time. The Equity and Diversity Advisory Committee has discussed the need to include more conversations about inclusion broadening from just discussion about racially inclusive practices to including conversations for all diverse populations of students.

Proposal to Amend Rule 8.4 - Awards

(Action Item)

QUESTION: Should the Executive Board propose to the Delegate Assembly modifications to the awards rule which would allow clarify the awards policy as it relates to Name, Image, Likeness (NIL)?

RATIONALE: The changing NIL landscape requires OSAA to clarify its policies in this area. The current awards rule is ambiguous as to what a student could or couldn't receive related to NIL. The following clarifies the stance of the Association and delineates what is allowed/prohibited when it comes to NIL activities.

- 8.4. Awards.** A student becomes ineligible for one calendar year after the date of the report of the violation to the OSAA if at any time the student accepts or enters into any agreement for the purpose of later accepting any compensation or thing of value for or in recognition of athletic or activities ~~abilities~~ **performance**, with these exceptions:
- 8.4.1.** A student ~~activities~~ participant may not accept monetary compensation in recognition of activities **performance**, participation and/or achievement ~~during the Association year~~. A student may accept non-monetary compensation or items of value solely in recognition of activities ability, participation and/or achievement if the total value of such non-monetary compensation or items of value, including the actual value of any gift certificates (so long as they are not convertible to cash), discounts, coupons, etc., does not exceed \$500 retail value **annually** ~~in any association year~~.
- NOTE:** For the purposes of this rule, "non-monetary compensation or items of value" does not include customary awards of a symbolic nature without resale value such as the school's athletic letter, medals, ribbons, certificates, plaques, trophies and other emblems. This rule does not regulate or prohibit compensation received by a student for ability, participation and/or achievement in a non-OSAA sport or activity, nor does this rule prohibit the acceptance of college scholarships by students.
- 8.4.2.** A coach or director is responsible for reporting to the school's athletic/activities director all compensation or items of value received by the students on that coach/director's team within one month of the receipt of the compensation or items of value. Principals are responsible for verifying to the association, **if requested**, that the total sum of compensation or items of value received by each student participant at that school does not exceed \$500 retail value for each participant.
- 8.4.3.** A student participating without compensation as a contestant, coach or similar participant in athletic or other activities may accept the use of necessary equipment and incidental services customarily furnished amateur participants in such activities, may accept reimbursement for direct and necessary expenses for participation (including mileage where the student must drive), and where participation requires absence from home, may accept necessary meals and lodging.
- 8.4.4.** ***The following is intended to offer guidance to students, parents, and member schools regarding Name, Image and Likeness (NIL).***

3.j.

A student may earn compensation from the use of their Name, Image, Likeness (NIL) provided that:

- (a) The compensation (or prospective compensation) is not contingent on specific athletic performance or achievement (e.g. financial incentives based on points scored)*
- (b) The compensation (or prospective compensation) is not provided as an inducement to attend a particular member school or to remain enrolled at a particular member school (“Undue Influence”).*
- (c) The compensation (or prospective compensation) is not provided by the member school or an agent of the member school (e.g. school booster club, foundation, employee, etc.)*
- (d) The student-athlete discloses any proposed agreement/contract to the member school at which the student is enrolled and/or participating.*

In seeking compensation for Name, Image and Likeness (NIL):

- (d) The student shall not use a member school’s district facilities and/or equipment for the purpose of NIL activities.*
- (e) The student shall not use school practice and/or game film for the purpose of NIL activities.*
- (f) The student shall not promote any services and/or products during team activities.*
- (g) The student shall not promote activities, services, or products associated with, but not limited to,:*
 - (i) Adult entertainment products or services;*
 - (ii) Alcohol, tobacco, nicotine and vaping products;*

 - (viii) Gambling, including sports betting, the lottery, and betting in connection with video games, on-line games and mobile devices;*
 - (ix) Weapons, firearms, and ammunition.*

The student and their family are encouraged to seek legal counsel and tax advice when considering NIL activity, along with guidance from their member school.

NOTE: Compliance with these policies does not ensure maintenance of eligibility under the eligibility standards of other high school state activity associations or entities such as, but not limited to, the NCAA, NAIA, NJCAA etc. Students are encouraged to communicate with those organizations to ensure any activity complies with those eligibility standards.

- 8.4.5** *A student forfeits amateur status by signing a professional playing contract in any activity sanctioned by the OSAA.*

Proposal to Amend Board Policy – Adding a New Sport/Activity

(Action Item)

QUESTION: Should the Executive Board amend the board policy regarding the process for adding a new sport/activity after the board adoption of sport specific regular and special athletic districts?

RATIONALE: This amendment would bring the policy in line with the current process for adding a sport/activity after the deadline. Once a school adds a new sport/activity it is impossible for us to track it in our system if they wish to not be eligible for postseason.

Proposal to Amend Board Policy – Endowment Games

(Action Item)

To be implemented Fall 2023

QUESTION: Should the Executive Board amend the board policy to increase ticket prices and include opportunities for the activities of Tennis and Golf to participate in Endowment Games?

RATIONALE: The OSAA Foundation Board met in July and reviewed ticket prices and the current policy on endowment games. The Board feels that an increase in ticket prices is warranted with the increase of support the OSAA Foundation is providing member schools. In addition, they felt that all activities with participation limitations should have the opportunity to experience endowment games/contests.

ENDOWMENT GAMES

(Endowment Game Application)

(Revised May 2022)

The OSAA and its member schools believe in the fundamental values associated with participation in high school activities and want to work together to ensure the future of high school activities in the state of Oregon. The establishment of the OSAA Foundation will help us realize our goal. Endowment Games are a way for member schools and local communities to be active participants in growing the OSAA Foundation. Endowment Games regulations are as follows:

- A. Endowment Games applications **must** be submitted to the OSAA office by the host school **prior to the** scheduled contest. Failure to do so may result in participation limitations violations. Applications may be reviewed prior to approval to ensure that the host school is able to effectively secure the facility and charge admission **(unless noted below)**.
- B. Endowment Games shall not count toward a school's or an individual student's season participation limitations for each activity. Daily and weekly individual participation limitations still apply. Schools should ensure that participants meet all OSAA eligibility requirements prior to competing in an Endowment Game.
- C. Endowment Games tickets will be ~~\$6~~ **\$8** for adults and ~~\$4~~ **\$5** for students. No passes shall be accepted except for the OSAA Media Pass.
- D. Upon completion of an Endowment Game, the host school is responsible for submitting the necessary financial report form and 100% of the gate receipts to the OSAA Foundation **for all activities except golf and tennis**. The OSAA Foundation will return 30% of the gross gate receipts to the host school within five business days after receiving the check for gross gate receipts **(except for golf and tennis)**. Operating expenses for Endowment Games are to be drawn from the 30% of the gross gate receipts returned to the host school. Financial agreements, if any, between the two participating schools are at the discretion of the schools.
- E. **For golf and tennis: due to the nature of the activity and the history of gates not being charged, schools shall remit \$250 to the OSAA Foundation to participate in an endowment contest.**
- F. Endowment Games are allowed at the varsity level only in the following activities:
 - 1) **Volleyball**. One additional play date between the first contest date and the cutoff date.

- 2) **Soccer.** One additional match between the first contest date and the cutoff date.
- 3) **Cross Country.** One additional meet between the first contest date and the cutoff date.
- 4) **Basketball.** One additional game between the first contest date and the cutoff date.
- 5) **Wrestling.** One additional one-day event between the first contest date and the cutoff date.
- 6) **Swimming.** One additional meet between the first contest date and the cutoff date.
- 7) **Baseball.** One additional game between the first contest date and the cutoff date.
- 8) **Softball.** One additional game between the first contest date and the cutoff date.
- 9) **Track & Field.** One additional meet between the first contest date and the cutoff date.
- 10) **Tennis. *One additional play date between the first contest date and the cutoff date.***
- 11) **Golf. *Two additional nine-hole rounds between the first contest date and the cutoff date.***

1. Q. Are Endowment Games required?

A. No, Endowment Games are optional for all member schools.

2. Q. What happens when one basketball team is counting the contest as an Endowment Game, but the other team has only scheduled 24 games?

A. If either team in a contest is counting the game as an Endowment Game, it is considered to be an Endowment Game.

3. Q. May a school play an Endowment Game doubleheader with its boys' and girls' basketball teams against another school?

A. Yes.

4. Q. May teams play in multiple Endowment Games?

A. Yes, as long as the team does not exceed that sports Participation Limitation by more than one game/contest. See "[Participation Limitations](#)" for additional information.

5. Q. *May a school pay a flat fee for endowment games outside of tennis and golf?*

A. *No, the goal of the Foundation is to educate individuals to the Foundation and its goals. Tennis and Golf normally do not charge gates as many of the other activities do or can.*
