4. Old Business
 - a. AED Legislation (HB 4160) and Amended Board Policy – Emergency Action Plan

Shared language of new legislation to go into effect in July of 2027. Peter Weber shared a proposed amendment to OSAA Board Policy – Emergency Action Plans with updated language regarding the changes from the legislation. The committee discussed ideas for best practices and potential implementation guides.

- b. Board Policy - Sports Safety Officer

Peter Weber presented a proposed OSAA Board Policy – Sports Safety Officer requiring schools to designate a person who would be the point of contact to whom the OSAA would disseminate information. The committee does not see this needing to be a new hire for schools or districts. Staff to take to Executive Board for first reading.

- c. Traumatic Brain Injury & Youth Awareness Campaign Workgroup Update

Sam Johnson provided an update on the OHA funded committee that is trying to increase the awareness of youth TBIs with representatives for OHA and ODE. The committee is concerned with the implementation of the language from the new legislation including inconsistencies with language from Max's Law. Max's Law language is controlled by ODE. Issue is with ITAP language regarding "return to training." Staff will work with Sam and others to collaborate with ODE on potential updates.

- d. Medical Release – Return to Participation Following a Concussion and ITAP (attachment)

The committee reviewed possible areas of change with the current Return to Participation form as it pertains to House Bill 3007. Subcommittee will go back to review forms with ODE contact (add Jim, Marcus, and Marlee to the group w/ Sam, Shelly, Ryan, Pete) question about "in school without accommodations" – add SCAT 6.

- e. Pre-Participation Exams – Best Practices for Storage and Management of Physical Forms and OSAA SMAC Pre-Participation Physical Examination Review Guidance (attachment)

This was addressed at the Delegate Assembly meeting during Mick's presentation.
