Excerpt 2020-21 OSAA Handbook, Executive Board Policies

6. **ANTI-HAZING**

(September 2017)

- A. Hazing is defined as willful conduct directed at a student that is intended to physically or emotionally intimidate, punish, embarrass, humiliate, ridicule or place any student in a disconcerting position for the purpose of initiation, affiliation, inclusion or membership in any team or organization.
- B. The Oregon School Activities Association believes that hazing has no place in education-based activity programs and poses a significant risk to the physical and mental welfare of students. Hazing obstructs the development of good citizens, escalates the risks of participation, negates positive contributions and destroys respect for self, others and the environment. Students participating in education-based activity programs have a right to be safe and free from hazing.
- C. Administrators, coaches, and directors at each member school must take an active role in the prevention of all forms of hazing by adopting and enforcing strict anti-hazing rules and written policies in accordance with Oregon laws.
